

SILICON STUDIO'S *FANTASICA* ACHIEVES SEVEN MILLION DOWNLOADS MILESTONE

Various events will be held for a month
to celebrate seven million downloads!!

Tokyo, Japan –November, 20th– Silicon Studio, the international developer of acclaimed video game *Bravely Default*, *3D Dot Game Heroes*, and *YEBIS 3*, the innovative next-gen middleware, is proud to announce that their free-to-play mobile title *Fantasia* has reached over seven million downloads worldwide. With its addictive blend of RPG, card-collecting, and tower defense gameplay, *Fantasia* continues to gain new players around the globe with its charming anime-style visuals, social online features, and consistent monthly updates of exciting new content. Also, various events will be held in November to celebrate reached seven million downloads.

"It is very gratifying to see the continued successful growth of Fantasia," states Takehiko Terada, CEO of Silicon Studio. *"It was only half year ago that we surpassed six million downloads and it's a great accomplishment to see our community grow to over seven million users today. We are focused on delivering more compelling online content in the near future as our development team continues to focus on making Fantasia one of the best online mobile games."*

Available for both Android and iOS devices through DeNA's popular mobile and social games platform Mobage (<http://mobage.com>), *Fantasia* has wowed gamers across the world with beautiful visuals, brilliant music, and addictive gameplay.

■About “Fantasica”

Fantasica received Mobage’s Game of the Year Award for Best Art Style, as created by famed Final Fantasy art director Hideo Minaba. Fantasica is available in the US, Japan, Europe, China, South Korea, Taiwan and across the globe.
